

Now Available at Westrux in Montebello

Cleaning diesel particulate filters is the life blood of FSX. Our DPF cleaners and test bench were proven in our own cleaning operations long before they were released to market. We make sure that buyers of FSX DPF cleaning equipment have the same machines that are utilized in on our own shops. The FSX Diesel Particulate Filter cleaning equipment equates to quality.

CLEANER DPF = LONGER FILTER LIFE

FSX manufactures and distributes diesel particulate filter cleaning equipment used in the trucking, transit, off-road, railroad and power generation. Utilizing FSX DPF cleaners assures that the user will get the maximum life possible between cleanings, plus maximize the overall life of the DPF or DOC.

PROVEN CLEANING METHOD

The machines were designed to duplicate the exact cleaning method that we found worked the best and designed into a professional, compact package.

DURABLE MACHINES

FSX proves DPF cleaning techniques and transforms the technique into durable machinery that makes cleaning filters easy and reliable for our customers at economical prices.
