

Now you can finance your retrofit

WESTRUX

Developed specifically for diesel emissions retrofit compliance, this program gives you the funding you need to get the job done.

- ◆ **Make a low down payment** — In many cases, just the first payment in advance
- ◆ **Enjoy the tax benefit of equipment finance** — You can write off 100% of the cost this year!
- ◆ **Avoid sky-high penalties** — Remember CARB penalties that kicked in on January 1, 2013 start at \$1000 per vehicle, per month...and go up from there
- ◆ **Apply in minutes** — Simply fill out an easy, one page application

Not sure if it makes good business sense to retrofit your vehicle? Give us a call. We'd be happy to run the numbers and help you analyze your options. In fact, **Westrux** is available to help you with all of your diesel emission needs. Parts, installations, DPF cleaning, all onsite. Our Retrofit Finance Program is just one of the many ways that we work hard to provide the best services and options for your fleet.

- ◆ **Stop operating at risk!** Our Retrofit Finance Program has no minimums, no limits, a low down payment and just a simple one-page application. Roll in your truck loan to enjoy the tax benefits of lease financing on the entire purchase. Speak with your finance representative for all the details.

- ◆ **Know your options** — Simply click on the "APPLICATION" link, print out the form, complete it and fax it back to: **323.722.6089** or email to: Terry Smith tsmith@westrux.com
